About the Course:

We have been keen for some time to organise student development programme for pupils of our college which will help them to enhance their ability and make them confident to survive their lives more enthusiastically. We are delighted that Dr. Sachin Surve and Mr. Nisheet Vishwakarma has joined us to complete our willingness. This activity is very advantageous to pupils therefore we ponder this activity should be open to pupils of all streams and from other colleges also. College rose to fame after entering pupils from number of colleges.

In order to prepare students to enter the workforce or further their education also strategies for helping students acquire skill sets needed for successful careers include offering courses dedicated to student skills, integrating student-skill-focused activities into regular curricular offerings, and engaging students in research and internship experiences. Regardless of the approaches used, programs should also assess student skills and adjust the curriculum as needed to maximize their development. Along with their personality development, effective communication is also played vital role in their careers.

We have been interested to make our pupils recognise at the competitive level. During these SDP Lectures Dr. Sachin Surve and Mr. Nisheet Vishwakarma has guided our pupils on the very valuable topics such as How to develop Communication skills, Tips to improve PMA (Positive Mental Attitude), Tips to improve Confidence building, Insights in Group discussion and personality development.

Main Objectives of Course:

- ***To Develop Positive Mental Attitude of pupils***

- ***To make pupils confident in their lives***

- ***To remove their fear from English Communication Skill***

- ***To make them recognise at competitive level***
