BOOK- KEEPING

Meaning

Book- keeping includes recording of journal, posting in ledgers and balancing of accounts. All the records before the preparation of trail balance is the whole subject matter of book- keeping. Thus, book- keeping may be defined as the science and art of recording transactions in money or money's worth so accurately and systematically, in a certain set of books, regularly that the true state of businessman's affairs can be correctly ascertained. Here it is important to note that only those transactions related to business are recorded which can be expressed in terms of money.

Definition

1. "Book- keeping is the art of recording business transactions in a systematic manner". **A.H.Rosenkamph.**
2. "Book- keeping is the science and art of correctly recording in books of account all those business transactions that result in the transfer of money or money's worth". **R.N.Carter**
3. "Book - Keeping is an art of recording in the books of accounts the monetary aspect of commercial and financial transactions." **-Northcott**
4. "Book Keeping is an art of recording business dealings in a set of books."

-J.R. Batliboi

Objectives of Book- keeping

- Book- keeping provides a permanent record of each transaction.
- Soundness of a firm can be assessed from the records of assets and liabilities on a particular date.
- Entries related to incomes and expenditures of a concern facilitate to know the profit and loss for a given period.
- It enables to prepare a list of customers and suppliers to ascertain the amount to be received or paid.
- It is a method gives opportunities to review the business policies in the light of the past records.
- Amendment of business laws, provision of licenses, assessment of taxes etc , are based on records.

Accounting

Accounting has rightly been termed as the language of the business. It records, classifies, analyses and communicates all the business transactions that have taken place during a particular period. It is a system of recording and reporting business transactions in financial terms, to interested parties.

According to American Institute of Certified Public Accounts "Accounting is the art of recording, classifying and summarizing in a significant manner in terms of money, transactions and events which are, in part at least, of a financial character and interpreting the results thereof".

Thus accounting is the art of recording, classifying, summarizing, analyzing and interpreting the financial transactions and communicating the results thereof to the interested person.

Features or characteristics or nature of Accounting

Following are the features of accounting:-

- (1) Accounting is an art.

- (2) Accounting is a science.
- (3) Recording of business transactions.
- (4) Classifying business transactions.
- (5) Summarizing the classified data
- (6) Analysis and interpret the summarized data
- (7) Communicating information to the interested parties.
- (8) Records transaction and events which are financial character.

Objectives of Accounting or functions of accounting

The following are the main objectives:

1. To keep systematic records.
2. To ascertain the operational profit or loss.
3. To ascertain the financial position of the business.
4. To make information available to various users.
5. To protect business properties.
6. To facilitate rational decision making.
7. To ascertain the cost of production and selling price.
8. To control expenditure of business.
9. To satisfy the requirements of law.
10. To calculate the amount due to and due from others.

Importance of accounting (Uses or advantages)

1. It serves as a historical record.
2. It facilitates the preparation of financial statements.
3. It supplies information to interested persons
4. It helps the management in taking important business decisions.
5. It facilitates comparative study of the performance of business over different periods.
6. It provides evidence in case of disputes.
7. It helps to forecast the future.
8. It provides information for judging the efficiency of business
9. It is useful in getting loans.
10. It helps in valuation of good will.
11. It helps in controlling expenses.
12. It helps in controlling employees.
13. It helps in prevention and detection of errors and frauds.

Limitations of Accounting

1. It is historical in nature.
2. Transactions of non-monetary nature will not be recorded in accounting.
3. Information recorded in accounts is influenced by the personal judgment of the accountant.
4. In accounting valueless assets are also shown.
5. In accounting price changes are not considered.
6. It is not an exact science.
7. Use of different accounting methods reduces the reliability of accounts.
8. Account records show only actual cost figures.

Relationship between Accountancy, Accounting and Book-keeping

Accountancy refers to a systematic knowledge of accounting. It explains “why to do” and “how to do” of various aspects of accounting. It tells us why and how to prepare the books of accounts and how to summarize the accounting information and communicate it to the interested parties.

Accounting refers to the actual process of preparing and presenting the accounts. In other words, it is the art of putting the academic knowledge of accountancy into practice.

Book-keeping is a part of accounting and is concerned with record keeping or maintenance of books of accounts. It is often routine and clerical in nature. Book-keeping provides the basis for accounting and it is complementary to accounting process. Accounting begins where book-keeping ends. Accountancy includes accounting and book-keeping.

The terms Accounting and Accountancy are used synonymously. This relationship can be easily understood with the help of the following diagram.

Accounting Principles

Accounting principles can be classified in to Accounting concepts and Accounting Conventions

Accounting Concepts:

- (1) **Entity Concept:** According to this concept business is treated as a separate unit and distinct from its proprietors.
- (2) **Dual Aspect Concept:** According to this concept every transaction has two sides at least. If one account is debited, any other account must be credited. Every business transaction involves duality of effects. (i) Yielding of that benefit (ii) The giving of that benefit.
- (3) **Going Concern Concept:** This concept assumes that the business will continue to exist for a long period in the future. There is neither the necessity nor the intention to liquidate it.
- (4) **Accounting Period Concept:** According to this concept the entire life of the concern is divided in time intervals for the measurement of profit at frequent intervals.
- (5) **Money Measurement Concept:** Only those transactions and events are recorded in accounting which is capable of being expressed in terms of money.
- (6) **Cost Concept :** According to this concept:
 - (a) An asset is ordinarily entered in the accounting records at the price paid to acquire it.
 - (b) This cost is the basis for all the subsequent accounting for the asset.

- (7) **Matching Concept:** In determining the net profit from business operations all cost which is applicable to revenue of the period should be charged against that revenue.
- (8) **Accrual Concept:** This concept helps in relating the expenses to revenue for a given accounting period.
- (9) **Realization Concept:** According to this concept, revenue is recognized when sale is made and sale is considered to be made when a goods passes to the buyer and he becomes legally liable to pay for it.

Conventions: Accounting conventions are of following types:-

- (1) **Convention of Disclosure:** According to this convention accounting reports should disclose fully and fairly the information they purport to represent. The information which are of material interest to proprietors.
- (2) **Convention of Materiality:** The accountant should attach importance to material details and ignore insignificant details.
- (3) **Convention of Consistency:** This convention describes that accounting principles and methods should remain consistent in order to enable the management to compare the results of the two periods. These principles should not be changed year after year.
- (4) **Convention of Conservatism:** According to this convention, in the books of accounts all anticipated losses should be recorded and all anticipated gains should be ignored.

Accounting Standards

Accounting standards are considered as a guide for maintaining and preparing accounts. They are rules that ensure uniformity of preparation, presentation and reporting of accounting information.

Accounting standards may be defined as the accounting principles and rules which are to be followed for various accounting treatments while preparing financial statements on uniform basis and which will reveal the same meaning to all the interested groups.

Need for accounting standards (Objects of Accounting Standards):

The need for accounting standards arises from limitations of financial statements. The need for accounting standards arises due to the following reasons.

- 1) To communicate uniform results to external users as well as internal users for decision making.
- 2) To serve as a tools for information systems catering the needs of management, owners, creditors, Government etc.
- 3) To facilitate inter firm, intra firm comparison.
- 4) To make the financial statement more reliable comparable and understandable.

Accounting standard Board of India (ASB)

The institute of Chartered Accountant of India, set up, Accounting Standard Board. The primary duty of ASB is to formulate the accounting standard for India. During the formulation of accounting standards, the ASB considered the applicable laws, usage, customs and the business environment existing in our country. The ASB will give due consideration to International Accounting Standards (IASs) issued by the International Accounting Standard Committee and tries to integrate them to the extent possible. The body consists of the following members: Company Law Board, CBDT, Central Board of Excise and Customs, SEBI, Comptroller and Auditor General of

Methods of Accounting

Business transactions can be recorded in two different ways.

a. **Single Entry:** It is incomplete system of recording business transactions. The business organization maintains only cash book and personal accounts of debtors and

PDVP MAHAVIDYALAYA, TASGAON

creditors. So the complete recording of transactions cannot be made and trail balance cannot be prepared.

b. **Double Entry:** In this system every business transaction is having a twofold effect of benefits giving and benefit receiving aspects. The recording is made on the basis of both these aspects. Double Entry is an accounting system that records the effects of transactions and other events in at least two accounts with equal debits and credits.

Advantages of Double Entry System

- i) **Scientific system:** This system is the only scientific system of recording business transactions in a set of accounting records. It helps to attain the objectives of accounting.
- ii) **Complete record of transactions:** This system maintains a complete record of all business transactions.
- iii) **A check on the accuracy of accounts:** By use of this system the accuracy of accounting book can be established through the device called a Trail balance.
- iv) **Ascertainment of profit or loss:** The profit earned or loss suffered during a period can be ascertained together with details by the preparation of Profit and Loss Account.
- v) **Knowledge of the financial position of the business:** The financial position of the firm can be ascertained at the end of each period, through the preparation of balance sheet.
- vi) **Full details for purposes of control:** This system permits accounts to be prepared or kept in as much detail as necessary and, therefore, affords significant information for purposes of control etc.
- vii) **Comparative study is possible:** Results of one year may be compared with those of the previous year and reasons for the change may be ascertained.
- viii) **Helps management in decision making:** The management may be also to obtain good information for its work, specially for making decisions.
- ix) **No scope for fraud:** The firm is saved from frauds and misappropriations since full information about all assets and liabilities will be available.

SYSTEMS OF ACCOUNTING

The following are the main systems of recording business transactions:

- (a) **Cash System:** - Under this system, actual cash receipts and actual cash payments are recorded. Credit transactions are not recorded at all until the cash is actually received or paid. This system is not able to disclose correct profit or loss for a particular period and will not exhibit true financial position of the business on a particular day.
- (b) **Mercantile (Accrual) system:** Under this system all transactions relating to a period are recorded in the books of account i.e., in addition to actual receipts and payments of cash income receivable and expenses payable are also recorded. This system gives a complete picture of the financial transactions of the business as it makes a record of all transactions relating to a period. The system being based on a complete record of the financial transactions discloses correct profit or loss for particular period.

Meaning of Debit and Credit

The term 'debit' is supposed to have derived from 'debit' and the term 'credit' from 'creditable'. For convenience 'Dr' is used for debit and 'Cr' is used for credit. Recording of transactions require a thorough understanding of the rules of debit and

credit relating to accounts. Both debit and credit may represent either increase or decrease, depending upon the nature of account.

Types of Accounts

The object of book-keeping is to keep a complete record of all the transactions that place in the business. To achieve this object, business transactions have been classified into three categories:

- (i) Transactions relating to persons.
- (ii) Transactions relating to properties and assets
- (iii) Transactions relating to incomes and expenses.

The accounts falling under the first heading are known as 'personal Accounts'. The accounts falling under the second heading are known as 'Real Accounts', The accounts falling under the third heading are called 'Nominal Accounts'. The accounts can also be classified as personal and impersonal. The following chart will show the various types of accounts:

I Personal Accounts: Accounts recording transactions with a person or group of persons are known as personal accounts. These accounts are necessary, in particular, to record credit transactions. Personal accounts are of the following types:

- (a) **Natural persons:** An account recording transactions with an individual human being is termed as a natural persons' personal account. eg Kamal's Account, Mahesh's Account etc
- (b) **Artificial or legal persons:** An account recording financial transactions with an artificial person created by law or otherwise is termed as an artificial person, personal account, e.g. Firms' accounts, limited companies' accounts etc.
- (c) **Groups/Representative personal Accounts:** An account indirectly representing a person or persons is known as representative personal account. When accounts are of a similar nature and their number is large, it is better to group them under one head and open a representative personal accounts. e.g. prepaid insurance, outstanding salaries, rent, wages etc.

The rule for personal accounts is:

Debit the receiver
Credit the giver

II. Impersonal Accounts:

All those accounts which are not personal accounts. This is further divided into two types viz. Real and Nominal accounts.

1. Real Accounts

Accounts relating to properties or assets are known as 'Real Accounts', A separate account is maintained for each asset e.g., Cash Machinery, Building, etc., Real accounts can be further classified into tangible and intangible.

- (a) **Tangible Real Accounts:** These accounts represent assets and properties which can be seen, touched, felt, measured, purchased and sold. e.g. Machinery account Cash account, Furniture account, stock account etc.
- (b) **Intangible Real Accounts:** These accounts represent assets and properties which cannot be seen, touched or felt but they can be measured in terms of money. e.g., Goodwill accounts, patents account, Trademarks account, Copyrights account, etc.

PDVP MAHAVIDYALAYA, TASGAON

The rule for Real accounts is:

Debit what comes in
Credit what goes out

2 Nominal Accounts

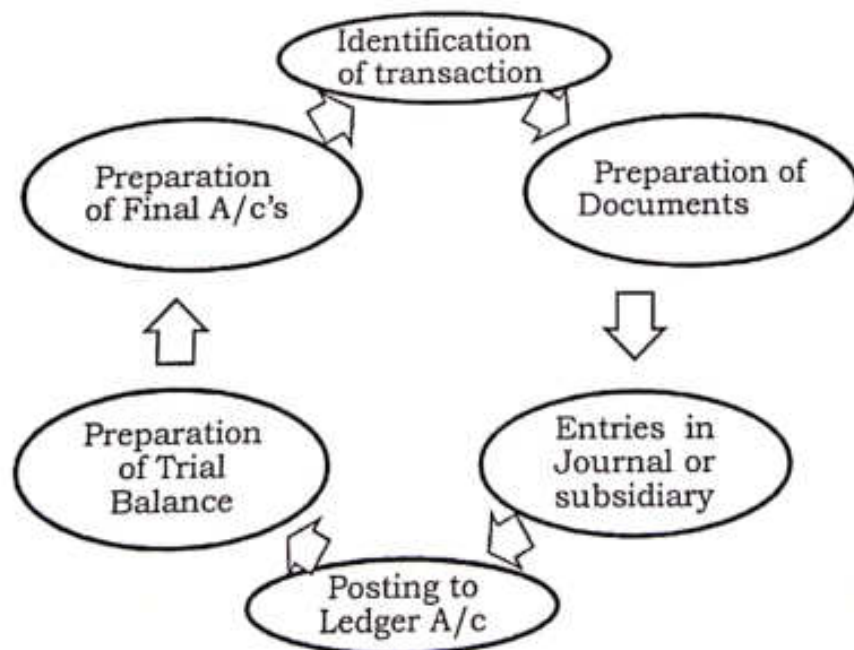

Accounts relating to income, revenue, gain expenses and losses are termed as nominal accounts. These accounts are also known as fictitious accounts as they do not represent any tangible asset. A separate account is maintained for each head or expense or loss and gain or income. Wages account, Rent account Commission account, Interest received account are some examples of nominal account

The rule for Nominal accounts is:

Debit all expenses and losses
Credit all incomes and gains

Accounting Cycle

In short, an accounting cycle is a complete sequence of accounting process that begins with the recording of business transactions and ends with the preparation of final accounts.

Accounting process begins when a financial transactions takes place. Firstly day to day transactions are recorded in the journal or subsidiary books. From the journal the transactions move further to ledger. Here entries are posted in the appropriate accounts, and then accounts are balanced to get the effect of debit and credit. These balance moves to a statement called trial balance. From the trial balance, we can prepare trading and profit and loss accounts and balance sheet. The different

PDVP MAHAVIDYALAYA, TASGAON

stages through which the transactions move from journal to final accounts are collectively known as accounting cycles or accounting process.

Journal and Ledger

A book of original entry in which transactions are recorded in the order of their occurrence is called journal. Journal is a primary record of business transactions. Recording of transactions in the journal is known as journalizing and recorded transactions are called journal entries. Ledger is a book, which contains various accounts it is said to be secondary books of account.

It is a collection of all accounts debited or credited in journal. Ledger is defined as, "a book in which all the personal, real, and nominal accounts of business are kept for permanent records so that up to date statement of an account can be easily known".

Journal

Date	Particulars	L.F.	Debit Rs.	Credit Rs.

Dr.		-----Account				Cr.	
Date	Particulars	JF	Amount	Date	Particulars	JF	Amount

Posting:

The term posting means transferring the debit and credit items from the journal to their respective accounts in the ledger. It is the process of recording the transaction from journal to ledger.

The following rules should be observed while posting transactions in the ledger from the journal:

- a) Separate account should be opened in the ledger for posting transactions relating to different accounts recorded in the journal
- b) The concerned account, which has been debited in the journal should also be debited in the ledger
- c) The concerned account, which has been credited in the journal should also be credited in the ledger.

Sub-Division of Journal

The journal is sub-divided into many subsidiary books called special journals. The journal in which transaction of a similar nature is recorded is known as special journal or day book.

The special journals are ruled differently on the basis of the nature of transactions to be recorded. Transactions that cannot be recorded in any of the special journals are recorded in a journal called journal proper or miscellaneous journal.

Advantages of Special Journals

1. **Division of work:** since there are so many subsidiary books, the accounting work may be divided amongst a number of clerks.

2. **Specialization:** when the same work is allotted to a period of time he acquires full knowledge of it and becomes efficient thus the accounting works will be done more efficiently.
3. **Save in time:** the trader can save time and labor by avoiding repetitions
4. **Availability of information:** since separate subsidiary book is kept for each class of transactions, information relating to that will be readily available.
5. **Facility in checking:** checking is facilitated in subsidiary books which will prevent errors and frauds

Important special journals

The journal is sub divided in to the following subsidiary books

1. **Cash Book:** For recording all cash transactions
2. **Purchases Book:** For recording credit purchases of goods
3. **Sales Book:** For recording credit sales
4. **Purchase Returns Books.** For recording the goods returned by the trader to the suppliers
5. **Sales Returns Book:** For recording the goods returned to the trader by his customer
6. **Bills Receivable Books:** For recording all bills received by the trader from his customer
7. **Bills Payable Book:** For recording all the bills given (accepted)to suppliers
8. **Journal Proper:** For all transactions that do not find a place in any of the above books

TRIAL BALANCE

Trial balance is a statement prepared with the balances or total of debits and credits of all the accounts in the ledger to test the arithmetical accuracy of the ledger accounts. As the name indicates it is prepared to check the ledger balances. If the total of the debit and credit amount columns of the trail balance are equal, it is assumed that the posting to the ledger in terms of debit and credit amounts is accurate. The agreement of a trail balance ensure arithmetical accuracy only, A concern can prepare trail balance at any time, but its preparation as on the closing date of an accounting year is compulsory.

According to M.S. Gosavi "Trail balance is a statement containing the balances of all ledger accounts, as at any given date, arranged in the form of debit and credit columns placed side by side and prepared with the object of checking the arithmetical accuracy of ledger postings".

Objectives of Preparing Trail Balance

- (i) It gives the balances of all the accounts of the ledger. The balance of any account can be found from a glance from the trail balance without going through the pages of the ledger.
- (ii) It is a check on the accuracy of posting. If the trail balance agrees, it proves:
 - (a) That both the aspects of each transaction are recorded and
 - (b) That the books are arithmetically accurate.
- (iii) It facilitates the preparation of profit and loss account and the balance sheet.
- (iv) Important conclusions can be derived by comparing the balances of two or more than two years with the help of trail balances of those years.

Features of Trail Balances

The following are the important features of a trail balances:

1. A trail balance is prepared as on a specified date.
2. It contains a list of all ledger account including cash account.
3. It may be prepared with the balances or totals of Ledger accounts.
4. Total of the debit and credit amount columns of the trail balance must tally.
5. If the debit and credit amounts are equal, we assume that ledger accounts are arithmetically accurate.
6. Difference in the debit and credit columns points out that some mistakes have been committed.
7. Tallying of trail balance is not a conclusive proof of accuracy of accounts.

Format of Trial Balance

Debit Balances	Amount	Credit Balance	Amount
Total		Total	

Final Accounts

'Final Statements' generally refer to two statements prepared by a business concern at the end of every accounting year. They are

- (1) Income statement and
- (2) Balance sheet.

In case of trading concerns these statements are prepared under the headings 'Trading and profit and loss account' and 'Balance sheet.' In case of manufacturing concerns these statements are titled 'Manufacturing, Trading, and Profit and Loss Account' and 'Balance Sheet.' In case of Limited companies they are called 'Profit and Loss Account', 'Profit and Loss appropriation account' and 'Balance sheet'.

Manufacturing Account

Manufacturing concerns which convert raw material into finished product is required to prepare manufacturing account and then prepare trading and profit and loss account. This is necessary because they have to ascertain cost of goods manufactured, gross profit and net profit.

Purpose of Manufacturing Account

The main purpose of manufacturing account is to show:

- (i) Cost of goods manufactured; and
- (ii) Major items of costs such as raw material consumed, productive wages, direct and indirect expenses of production.

Trading Account

Trading account is prepared for an accounting period to find the trading results or gross margin of the business i.e., the amount of gross profit the concern has made from buying and selling during the accounting period. The difference between the sales and cost of sales is gross profit. For the purpose of computing cost of sales, value of opening stock of finished goods, purchases, direct expenses on purchasing and manufacturing are added up and closing stock of finished goods is reduced. The balance of this account shows gross profit or loss which is transferred to the profit and loss account.

Profit and Loss Account

Profit and loss account is prepared to ascertain the net profit of the business concern for an accounting period

In the words of Prof. Carter "Profit and loss account is an account into which all gains and losses are collected in order to ascertain the excess of gains over the losses or vice versa."

Profit and loss account starts with gross profit brought down from trading account on the credit side. (If gross loss, on the debit side). All the indirect expenses are debited and all the revenue incomes are credited to the profit and loss account and then net profit or loss is calculated. If incomes or credit is more, than the expenses or debit, the difference is net profit. On the other hand if the expenses or debit side is more, the difference is net loss.

Debit side:

Expenses shown on the debit side of profit and loss account are classified into two categories

- (1) **Operating expenses:** These expenses are incurred to operate the business efficiently. They are incurred in running the organisation. Operating expenses include administration, selling, distribution, finance, depreciation and maintenance expenses.
- (2) **Non operating expenses:** These expenses are not directly associated with day to day operations of the business concern. They include loss on sale of assets, extraordinary losses, etc.

Credit side

Gross profit is the first item appearing on the credit side of profit and loss account. Other revenue incomes also appear on the credit side of profit and to account. The other incomes are classified as operating incomes and non operating incomes.

- (1) **Operating incomes:** These incomes are incidental to business and earned from usual business carried on by the concern. Examples: discount received, commission earned, interest received etc.
- (2) **Non operating incomes:** These incomes are not related to the business carried on by the firm. Examples are profit on sale of fixed assets, refund of tax etc.

Principles of Preparing Profit of Loss Account

1. Only revenue receipts should be entered
2. Only revenue expenses together with losses should be taken into account.
3. Expenses and incomes relating only to the period for which the accounts are being prepared should be considered.
4. All expenses and income relating to the period concerned should be considered even if the expense has not yet been paid in cash or the income has not yet been received in cash.
5. All personal expenses of the proprietor and partners must be debited to the capital or drawings accounts and must not be debited to the profit and loss account. Similarly any income has been earned from the private assets of the proprietor which is received by firm, it must be credited to the capital or drawings account.

Balance Sheet

The Balance sheet comprises of lists of assets, liabilities and capital fund on a given date. It presents the financial position of a concern as revealed by the

accounting records. It reflects the assets owned by the concern and the sources of funds used in the acquisition of those assets. In simple language it is prepared in such a way that true financial position is revealed in a form easily readable and more rapidly understood than would be possible from a view of the detailed information contained in the accounting records prepared during the currency of the accounting period. Balance sheet may be called a 'statement of equality' in which equality is established by representing values of assets on one side and values of liabilities and owners' funds on the other side.

A Balance sheet is called by different names probably due to lack of uniformity in accounting systems. Generally, the following titles are used in respect of balance sheet:

- (i) Balance sheet or General Balance sheet;
- (ii) Statement of Financial position or condition;
- (iii) Statement of assets and liabilities;
- (iv) Statement of assets and liabilities and owners' fund etc.

of the above, the title 'Balance sheet' is mostly used. The use of this title implies that data presented in it have been taken from the balances of accounts,

Definitions of Balance Sheet:

"Balance sheet is a 'Classified summary' of the ledger balances remaining after closing all revenue items into the profit and loss account." - **Cropper.**

"Balance sheet is a screen picture of the financial position of a going business concern at a certain moment" - **Francis.**

Classification of Assets and Liabilities

A clear and correct understanding of the basic divisions of the assets and liabilities and the meanings which they signify and the amounts which they represent is very essential for a proper perspective of financial position of a business concern. Assets and liabilities are classified under the following major headings.

1 Assets:

Assets are properties of business. They are classified on the basis of their nature. Different types of assets are as under:

- I. **Fixed assets:** Fixed assets are the assets which are acquired and held permanently and used in the business with the objective of making profits. Land and building, Plant and machinery, Furniture and Fixtures are examples of fixed assets.
- II. **Current assets:** The assets of the business in the form of cash, debtors, bank balances, bill receivable and stock are called current assets as they can be realized within an operating cycle of one year to discharge liabilities.
- III. **Tangible assets:** Tangible assets have definite physical shape or identity and existence; they can be seen, felt and have volume such as land, cash, stock etc. Thus tangible assets can be both fixed assets and current assets.
- IV. **Intangible assets:** The assets which have no physical shape which cannot be seen or felt but have value are called intangible assets. Goodwill, patents, trademarks and licenses are examples of intangible assets. They are usually classified under fixed assets.
- V. **Fictitious assets:** Fictitious assets are not real assets. Past accumulated losses or expenses which are capitalised for the time being, expenses for promotion of organisations (preliminary expenses), discount on issue of shares, debit balance of profit and loss account etc. are the examples of fictitious assets.
- VI. **Wasting assets:** These assets are also called depleting assets. Assets such as mines, Timber forests, quarries etc. which become exhausted in value by way of

excavation of the minerals, cutting of wood etc. are known as wasting assets. Such assets are usually natural resources with physical limitations.

- VII. **Contingent assets:** Contingent assets are assets, the existence, value possession of which is based on happening or otherwise of specific events. For example, if a business firm has filed a suit for a particular property now in possession of other persons, the firm will get the property if the suit is decided in its favour. Till the suit is decided, it is a contingent asset.

Liabilities

A liability is an amount which a business firm is 'liable to pay' legally. All the amounts which are claims by outsiders on the assets of the business are known as liabilities. They are credit balances in the ledger. Liabilities are classified into four categories as given below.

- I. **Owner's capital:** Capital is the amount contributed by the owners of the business. In addition to initial capital introduced, proprietors may introduce additional capital and withdraw some amounts from business over a period of time. Owner's capital is also called 'net worth'. Net worth is the total fund of proprietors on a particular date. It consists of capital, profits and interest on capital subject to reduction of drawings and interest on drawings. In case of limited companies, capital refers to capital subscribed by shareholders. Net worth refers to paid up equity capital plus reserves and profits, minus losses.
- II. **Long term Liabilities:** Liabilities repayable after specific duration of long period of time are called long term liabilities. They do not become due for payment in the ordinary 'operating cycle' of business or within a short period of time. Examples are long term loans and debentures. Long term liabilities may be secured or unsecured, though usually they are secured.
- III. **Current liabilities:** Liabilities which are repayable during the operating cycle of business, usually within a year, are called short term liabilities or current liabilities. They are paid out of current assets or by the creation of other current liabilities. Examples of current liabilities are trade creditors, bills payable, outstanding expenses, bank overdraft, taxes payable and dividends payable.
- IV. **Contingent liabilities:** Contingent liabilities will result into liabilities only if certain events happen. Examples are: Bills discounted and endorsed which may be dishonored, unpaid calls on investments.

Bases of Accounting

There are three bases of accounting in common usage. Any one of the following bases may be used to finalise accounts.

1. Cash basis
2. Accrual or Mercantile basis
3. Mixed or Hybrid basis.

1. Accounting on 'Cash basis:

Under cash basis accounting, entries are recorded only when cash is received or paid. No entry is passed when a payment or receipt becomes due. Income under cash basis of accounting, therefore, represents excess of receipts over payments during an accounting period. Government system of accounting is mostly on cash basis. Certain professional people record their income on cash basis, but while recording expenses they take into account the outstanding expenses also. In such a case, the financial statements prepared by them for determination of their income is termed as Receipts and Expenditure Account.

2. Accrual Basis of Accounting or Mercantile System

Under accrual basis of accounting, accounting entries are made on the basis of amount having become due for payment or receipt. Incomes are credited to the period in which they are earned whether cash is received or not. Similarly, expenses and losses are detailed to the period in which, they are incurred, whether cash is paid or not. The profit or loss of any accounting period is the difference between incomes earned and expenses incurred, irrespective of cash payment or receipt. All outstanding expenses and prepaid expenses, accrued incomes and incomes received in advance are adjusted while finalising the accounts. Under the Companies Act 1956, all companies are required to maintain the books of accounts according to accrual basis of accounting.

3. Mixed or Hybrid Basis of Accounting

When certain items of revenue or expenditure are recorded in the books of account on cash basis and certain items on mercantile basis, the basis of accounting so employed is called 'hybrid basis of accounting'. For example, a company may follow mercantile system of accounting in respect of its export business. However, government subsidies and duty drawbacks on exports to be received from government are recorded only when they are actually received i.e., on cash basis. Such a method could be adopted because of uncertainty with respect of quantum, amount and time of receipt of such incentives and drawbacks. Such a method of accounting followed by the company is called the hybrid basis of accounting. In practice, the profit or loss shown under this basis will not be realistic. Conservative people who prefer recognizing income when received but cautious to provide for all expenses, whether paid or not prefer this system. It is not widely practiced due to the inconsistency.

ACCOUNTING TERMINOLOGY

It is necessary to understand some basic accounting terms which are daily in business world. These terms are called accounting terminology.

1. Transaction:

"An event the recognition of which gives rise to an entry in accounting records. It is an event which results in change in the balance sheet equation. That is, which changes the value of assets and equity? In a simple statement, transaction means the exchange of money or money's worth from one account to another account. Events like purchase and sale of goods, receipt and payment of cash for services or on personal accounts, loss or profit in dealings etc., are the transactions". Cash transaction is one where cash receipt or payment is involved in the exchange. Credit transaction, on the other hand, will not have 'cash' either received or paid, for something given or received respectively, but gives rise to debtor and creditor relationship. Non-cash transaction is one where the question of receipt or payment of cash does not at all arise, e.g. Depreciation, return of goods etc.

2. Debtor

A person who owes money to the firm mostly on account of credit sales of goods is called a debtor. For example, when goods are sold to a person on credit that person pays the price in future, he is called a debtor because he owes the amount to the firm.

3. Creditor

A person to whom money is owing by the firm is called creditor. For example, Madan is a creditor of the firm when goods are purchased on credit from him.

It means the amount (in terms of money or assets having money value) which the proprietor has invested in the firm or can claim from the firm. It is also known as owner's equity or net worth. Owner's equity means owner's claim against the assets. It will always be equal to assets less liabilities, say:

$$\text{Capital} = \text{Assets} - \text{Liabilities}$$

5. Liability

It means the amount which the firm owes to outsiders that is, excepting the proprietors. In the words of Finny and Miller, "Liabilities are debts; they are amounts owed to creditors; thus the claims of those who are not owners are called liabilities". In simple terms, debts repayable to outsiders by the business are known as liabilities.

6. Asset

Any physical thing or right owned that has a money value is an asset. In other words, an asset is that expenditure which results in acquiring of some property or benefits of a lasting nature.

7. Goods

It is a general term used for the articles in which the business deals; that is, only those articles which are bought for resale for profit are known as Goods.

8. Revenue

It means the amount which, as a result of operations, is added to the capital. It is defined as the inflow of assets which result in an increase in the owner's equity. It includes all incomes like sales receipts, interest, commission, brokerage etc., However, receipts of capital nature like additional capital, sale of assets etc., are not a part of revenue.

9. Expense

The terms 'expense' refers to the amount incurred in the process of earning revenue. If the benefit of an expenditure is limited to one year, it is treated as an expense (also known as revenue expenditure) such as payment of salaries and rent.

10. Expenditure

Expenditure takes place when an asset or service is acquired. The purchase of goods is expenditure, where as cost of goods sold is an expense. Similarly, if an asset is acquired during the year, it is expenditure, if it is consumed during the same year, it is also an expense of the year.

11. Purchases

Buying of goods by the trader for selling them to his customers is known as purchases. As the trade is buying and selling of commodities purchase is the main function of a trade. Here, the trader gets possession of the goods which are not for own use but for resale. Purchases can be of two types. viz, cash purchases and credit purchases. If cash is paid immediately for the purchase, it is cash purchases, If the payment is postponed, it is credit purchases.

12. Sales

When the goods purchased are sold out, it is known as sales. Here, the possession and the ownership right over the goods are transferred to the buyer. It is known as. 'Business Turnover' or sales proceeds. It can be of two types, viz., cash sales and credit sales. If the sale is for immediate cash payment, it is cash sales. If payment for sales is postponed, it is credit sales.

13. Stock

The goods purchased are for selling, if the goods are not sold out fully, a part of the total goods purchased is kept with the trader until it is sold out, it is said to be a stock. If there is stock at the end of the accounting year, it is said to be a closing stock. This closing stock at the year end will be the opening stock for the subsequent year.

14. Drawings

It is the amount of money or the value of goods which the proprietor takes for his domestic or personal use. It is usually subtracted from capital.

15. Losses

Loss really means something against which the firm receives no benefit. It represents money given up without any return. It may be noted that expense leads to revenue but losses do not. (e.g.) loss due to fire, theft and damages payable to others,

16. Account

It is a statement of the various dealings which occur between a customer and the firm. It can also be expressed as a clear and concise record of the transaction relating to a person or a firm or a property (or assets) or a liability or an expense or an income.

17. Invoice

While making a sale, the seller prepares a statement giving the particulars such as the quantity, price per unit, the total amount payable, any deductions made and shows the net amount payable by the buyer. Such a statement is called an invoice.

18. Voucher

A voucher is a written document in support of a transaction. It is a proof that a particular transaction has taken place for the value stated in the voucher. Voucher is necessary to audit the accounts.

19. Proprietor

The person who makes the investment and bears all the risks connected with the business is known as proprietor.

20. Discount

When customers are allowed any type of deduction in the prices of goods by the businessman that is called discount. When some discount is allowed in prices of goods on the basis of sales of the items, that is termed as trade discount, but when debtors are allowed some discount in prices of the goods for quick payment, that is termed as cash discount.

21. Solvent

A person who has assets with realizable values which exceeds his liabilities is solvent.

22. Insolvent

A person whose liabilities are more than the realizable values of his assets is called an insolvent.

23. Inward Invoice:

This is the document sent by the suppliers of goods giving details of goods sent, price, value, discount etc. It is the basis for entries in purchases book.

24. Outward Invoice:

This is a document sent by the firm to the customers, showing the details of goods supplied, their price and value, discounts etc., it is the basis for writing sales book.

25. Debit Note:

PDVP MAHAVIDYALAYA, TASGAON

It is a simple statement sent by a person to another person showing the amount debited to the account of the latter along with a brief explanation. The debit notes are issued by a trader relating to purchase returns in order to put up his claim for abatement of his dues to the other party. Debit notes are serially numbered and are similar to invoices although they are usually printed in red ink.

26. Credit Note:

It is nothing but a statement sent by one person to another person showing the amount credited to the account of the latter along with a brief explanation. The credit notes are used for sales return in order to intimate related abatement and are similar to invoice although they are usually printed in red ink.

27. Cash Receipts and Vouchers:

These are the vouchers and receipts for cash received and paid. Entries in cash book are made on the strength of the vouchers and receipts. They are also useful for auditing purpose.

28. Contra Entries

For any single transaction the same account cannot be debited and credited. But since cash and bank accounts are maintained in the cash book, the debit and credit may be found in the two different accounts in the Cash Book. They are transactions which affect both the sides of the Cash Book. For instance, when cash is deposited into the bank, bank account should be debited and cash account should be credited.

29. Imprest System

In this system, the petty cashier is provided with a sum of cash which is termed as 'float' after taking into consideration the possible kinds of expenses which would be incurred for a specific period, viz., a week or a month. The petty cashier, at the end of such period, submits the petty cash book, with all entries passed, to the chief cashier. The chief cashier, in turn, will verify all the entries with the supporting vouchers and gives the actual amount spent on various petty items. This would bring the petty cash balance to the original amount with which he has begun. This system of maintaining the original amount of cash as such is known as 'Imprest System of maintaining Petty Cash Book'.

Minutes of the meeting

College Development Committee Meeting of the College was held on Tuesday 31/12/2019 in IQAC Room. It was organized under the chairmanship of Hon'ble Principal Abhaykumar Salunkhe, Working President Shri Swami Vivekananda Shikshan Sanstha Kolhapur. Meeting time is eleven o'clock in the morning.

The following issues were discussed and decided in the meeting

Subject:-1. To read and maintain the minutes of the previous meeting

Honorable Principal Dr. B. T. Kanase read out the minutes of the meeting held on 2/11/2018 and as it was correct, it was unanimously approved.

Subject: - 2. Establishment of Common Facility Center in the College

The principal informed someone about the erection of CFC, how many equipment are in it and how to make room for it

Dr. S.S. Patil, Dr.B. T. Kanase, Dr. V. Y. Pawar were given the responsibility of going to such a center, getting information about it, preparing a room accordingly and presenting material in it.

Resolution: The college should set up a center as soon as possible by fulfilling all the requirements regarding CFC

Indicator – Prin. Dr. H. B. Patil

Approver- Shri. K. S. Patil

The resolution was passed unanimously

Subject:-3. Make four class smart classrooms for NAAC.

In order to get NAAC assessment A grade for the college, Dr. Kanase B. T. and Dr. Pawar V. Y. were sent to see how the smart classrooms have been set up in the college which has got A grade. The resolution was passed as..

Resolution: To create at least four smart classrooms in the college by getting all the information from the concerned agency or dealer, taking three quotations comparatively from them, approving low rate quotations, corresponding with the institution and getting at least four smart classrooms as soon as possible.

Indicator- Dr. B. T. Kanase.

Approver- Dr. Alka Inamdar

The resolution was passed unanimously

Subject: - 4. To organize a parents' meeting in view of NAAC assessment

Since the college's NAAC is in 2021, to hold at least one parent meeting in each area and try to improve the educational quality of the students. 2 or 4 parents meet should take in 2 terms. Discussions were held on the quality of students and the involvement of students and parents in the progress of the college.

Resolution: Under the guidance of the Hon'ble Principal of the College, it was decided to hold at least two parent (total 4) meetings in each of the sessions.

Indicator- Shri. K. S. Patil

Approver- Dr. S. S. Patil

The resolution was passed unanimously

Subject:-5. Regarding approval of certificate courses started in various departments of the college.

The Hon'ble Principal informed about the 14 courses under the minimum skills offered in the college and how the students can create self-employment from them and after a detailed discussion it was decided as follows.

Resolution: Certificate courses started in various departments of the college were unanimously approved as they are for self-employment of students.

Indicator- Dr. V. Y. Pawar

Approver- Dr. B. T. Kanase

The resolution was passed unanimously

Subject:-6.Relocation of power lines and poles

The road passing through both the buildings of the college has been closed with the help of Hon'ble late R. R (Aba) Patil and the old building has been demolished to the north of the college and a new road has been provided from there. There are high voltage power lines on both sides of the old road. In this regard, the Hon'ble RR Aba had said the concerned authorities to remove the power lines on both the sides and take them along the new road. After the unfortunate death of Hon'ble RR Aba Patil, due to the negligence of the concerned authorities, the power lines on both sides were cut off. The college has written letter to the MSEB to remove the power lines as there is a possibility of endangering the lives of the students as there are trees on the side of the road and there is a similar parking lot. MSEB has given a quotation of Rs. 15 lakhs for laying power lines. Hon'ble Principal said that this amount is not affordable to the college or the institution. Hon'ble MLA Sumantai Patil Madam requested to get the power line from her MLA fund by paying this amount. MLA Sumantai Patil Madam instructed and her P.A. to take up the subject of the district planning meeting on dated 3rd Oct 2020 and approve the budget in it and promised to remove the power line.

Resolution: It was unanimously approved that a letter was sent through Hon'ble MLA Sumantai Patil to remove power carriers on both the sides of the road from the district planning budget

Indicator- Prin. H. B. Patil

Approver- Shri. K. S. Patil

The resolution was passed unanimously

Subject: - 7. To build auditorium with all facilities in the college.

The principal said that as the NAAC will have to face the year 2021, the college needs to have a well-equipped auditorium. As it is not ready in the auditorium

till 2021; it was decided to combine the two adjoining ladies' rooms in the science department to create a well-equipped auditorium.

Resolution:

Indicator- Dr. Alka Inamdar

Approver- Dr. V. Y. Pawar

The resolution was passed unanimously

Subject: - 8.Requesting for B.com. II -Second Division and M.Sc. Zoology courses to the university.

Since the principals have one or two pieces of B.Com Part 1 and 2, there is only one piece of B.Com Part 3, so many students of this college have to be denied admission while processing B.Com Part 3.As there is a girls' college in, they have to take no-objection certificate as per the rules and this college does not give no-objection certificate, so your college does not get detachment recognition.As there is an MSc Zoology course in Tasgaon area and there is a demand from the students, the meeting requested to send a proposal to start this course.After a detailed discussion, it was decided to try to get approval at the government level through Hon'ble MLA Sumantai Patil.

Resolution:Hon'ble Principal has sent a proposal to the Government through the University to start B.Com Part 2-detachment 2 and M.Sc. Zoology courses.It was unanimously decided to start this course as soon as possible in an effort to get approval through Hon'ble MLA Sumantai Patil Madam.

Indicator- Dr. V. Y. Pawar

Approver- Shri. K. S. Patil

The resolution was passed unanimously

Subject: - 9.With regard to discussing the issues which have come up in due course with the permission of the Hon'blePresident.

9.1: As it is in front of the gate of the college, the vehicles are very fast and the students are in trouble. Therefore, it was discussed to install speed breakers on both the sides of the road through the Public Works Department and it was decided to install speed breakers through correspondence in the Public Works Department.

9.2: Regarding the provision of canteen in the college.

Prof. KS Patil, Dr. BT Kanase, Dr. Alka Patil said that there is a need for canteen facility in the college. The Hon'ble Principal said that the canteen is necessary for the convenience of the students but some problems arise. However, the canteen will be started with the approval of the organization by approving the three quotations of the licensee and approving the quotation of the rate sheet and the fare will be in order, said the Hon'ble Principal.

9.3: Regarding the change of bathroom of the students near the gate of the college near the compound wall, the Hon'ble Principal said that the bathroom is at the entry point and it needs to be changed. For this, he said plan, estimate will be taken and with the approval of the organization, the bathroom compound will be adjacent to the wall. And all the members agreed and all the issues raised in the above period were approved.

As there was no other topic before the meeting, thanks to the attendees, Dr. B.T. Kanase agreed and the meeting was adjourned.

The following members were present.

MINUTES OF IQAC MEETING

The Chairperson Prin. Dr. Milind S. Hujare welcomed the members for the second meeting of IQAC. The following points were discussed in the meeting:

1. Review of minutes of 1st IQAC Meeting

The minutes of the meeting held on 05/06/2019 are approved by the Council.

2. Organization of workshops on various themes.

Workshops are venues for teaching, instructing or facilitating group interaction between a relatively limited number of participation. They are traditionally interactive events on specifying areas that encourage participant involvement. There is fruitful discussion on organization of workshops and decided

that at least one workshop should be organized by each department on various themes during academic year.

3. To audit the energy utilization of college.

The issue regarding to audit the energy utilization of college is raised by committee members. The Energy Audit defines ways to reduce energy consumption per unit of product output or to lower operating costs. The recommendations of the study will become a basis for future schemes of better energy consumption and preservation throughout the organization. After discussion it is decided that, Energy utilization audit of college will be done by external agency.

4. To audit green incentive taken by college.

The Green Audit of an College is becoming a paramount important these days for self assessment of the institution, which reflects the role of the institution in mitigating the present environmental problems. Therefore, the committee suggesting to complete the green audit of College campus to identify, quantify, describe and prioritize framework of Environment Sustainability in compliance with the applicable regulations, policies and standards. The responsibility is given to department of Botany.

5. To audit the gender status of the college.

To assess and analyze the strength, policies, programmes, and organization process of College with the view to identify where key strategic initiatives could be initiated and implemented to strengthen commitment to enhance capacities for gender mainstreaming at all levels in the College. Committee decided to audit gender status of the college and the responsibility is given to Women Empowerment Cell of the College.

6. Discussion and organization on various community activities.

Community service is unpaid work performed by a person or group of people for the benefit and betterment of their community without any form of compensation. Therefore IQAC committee suggesting to conduct at least one community activity by each department within the academic year.

7. To organize Vasantavishkar Research Competition.

Creating research atmosphere among the students is a key issue in higher educational institutes. An issue of organizing research competition has been raised by some committee members. It has been decided to organize research oriented 'Vasantavishkar' competition. A decision has also been taken to send more and more quality posters to the district level 'Avishkar' Research competition to be organized by Shivaji University, Kolhapur.

8. To construct the Botanical Garden.

Botanical gardens aim to promote the awareness, study, and conservation of plant species diversity. The old Botanocal garden of the College was demolished during construction of new building. Therefore committee decided to construct new Botanical Garden in the campus and responsibility is given to department of Botany.

9. Discussion on to implementation of No vehicle day, Plastic free campus.

The 'No Vehicle Day' initiative aimed to helping reduce pollution caused due to the smoke emanating from vehicles and cutting down traffic congestion on the roads. It also aims to aware all stakeholders of college about environmental pollution. Therefore, committee decided to organize 'No Vehicle Day' on fourth Saturday of every month.

Plastic Free campus is a program that aims to measurably reduce plastic pollution on college campuses with a special focus on the reduction and ultimately the elimination of plastic bottles, plastic straws and utensils, and plastic food packaging. Participating college have identified plastic pollution as a key concern on their campuses, and are taking action to confront the problem. Therefore, it is decided to aware all the stakeholders of college about no use of plastic in college campus by counseling, displaying hoardings in campus etc .

10. Workshop on climate change.

With rapidly expanding scientific information on climate change and its impacts, it is increasingly important for WHO to work directly with vulnerable nations, to raise awareness of human health implications, and to plan effective responses. Therefore issue regarding organization of workshop is discussed and decision has been taken to organize workshops on Climate Change in second term in collaboration with The Climate Reality Programme, India.

11. To organize Health Checkup camp for teaching and non teaching faculty.

Free medical camps are set up with a aim to bring awareness amongst the faculty of the college who have no access to basic healthcare services or knowledge about the diseases they are suffering from. So, medical camps provide free medical advice, medicine to the unfortunate people and refer for specialized treatment or surgery whenever it is required. Therefore it was decided that to organize free health check-up camp for teaching faculty, non-teaching staff and students.

12. Discussion on organization of Study Tours/Industrial visits.

To provide an opportunity to study the social cultural changes, values, social practice and phenomena in different parts of the country to the students. Therefore, issue regarding organization of Industrial/study tour is discussed and decision has been taken to organize the study tours by respective departments to different places, institutions and fields and the travelling should be carried out through RTO permitted vehicles.

13. Organization of workshop on IPRs.

IPRs are legal rights that protect creations and/or inventions resulting from intellectual activity in the industrial, scientific, literary or artistic fields. The most common IPRs include patents, copyrights, marks and trade secrets. Therefore to

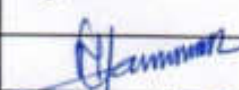

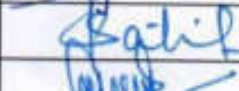

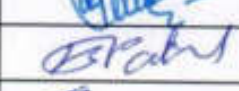

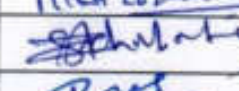

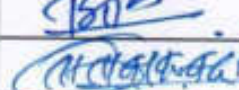

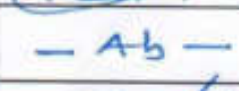

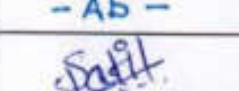

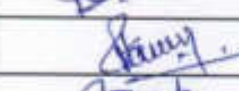

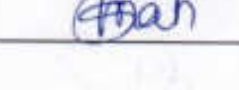

aware the students and faculty about IPRs, IQAC committee discussed and decided to organize one workshop/seminar on IPRs.

14. Organization of Parent-Teacher Meet.

Parent-Teacher Meet provide an opportunity to identify their child's current strengths and weaknesses, to open two ways communication for the welfare of kid, platform for parent and teacher to share insights and information for the holistic development of a child. Therefore IQAC Committee decided to organize Parent-Teacher Meet to provide common plant two teacher and parents.

The meeting of IQAC was held at 11.30 a.m. on 16.12.2019 in IQAC meeting hall. The following members were present.

MINUTES OF IQAC MEETING

The Director, IQAC Prof. Suresh Patil welcomed the members for the second meeting of IQAC. The following points were discussed in the meeting:

1. Review of minutes of 3rd IQAC Meeting

The minutes of the meeting held on 15/11/2019 are approved by the Council.

2. Discussion on to organize annual prize distribution.

Prize distribution marks the culmination of literary and extra-curricular activities in a college. Prizes are awarded to inspire a healthy sense of competition among the students. Students are kept busy round the year in

studies, games and sports and other literary activities like debates, essay writing, elocution and stage shows. It encourages them to aspire for excellence. Therefore an issue regarding the organizing of the annual prize distribution for the academic year 2019-20 has been discussed. A decision has been taken to call auspicious guest for the function who has known for the social work. The decision has also been taken to invite the honorable Secretary of the Management to felicitate all award winning students..

2. Discussion on organization of Graduation Day

As per University guidelines every year College organizes Graduation Day and felicitates rankers of each subjects. Committee decided to organize Graduation Day in the month of March and responsibility has been given to College function committee..

3. Discussion on preparation and submission of Departmental and Faculty profiles.

Issue regarding preparation of Departmental and Faculty profiles is discussed and it is decided that all department should prepare their departmental profiles along with faculty profiles and submit before 30 April 2020 to IQAC. .

4. Discussion on increasing percentage of students in student satisfaction survey.

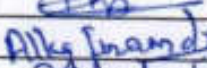

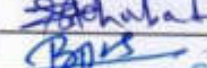

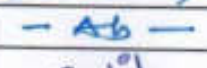

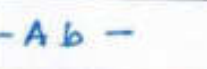

The objectives of the student satisfaction survey are to assess student satisfaction with respect to academic support, learning resources, organization and management, assessment and feedback, personal development of the students. Some committee members raised issue regarding less participation of students in student satisfaction survey. It has been decided that motivate the students to participate in student satisfaction survey to be conducted at the end of academic year. The responsibility is given to all Head of departments for counseling the students for participation in the survey.

5. Discussion on feedbacks taken from all stakeholders.

Issue regarding online feedbacks from Students, Faculty, Alumni and Parents is discussed and it has been decided to motivate all stakeholders by

respective departments to fill the online feedback forms from College website before University examination started.

The meeting of IQAC was held at 11.30 a.m. on 24.01.2020 in IQAC meeting hall. The following members were present.

Objective of the Mother Parents Meet

The Mother Parent Meeting for B.A., B.Com, and B.Sc. was organized on 06/08/2018 to discuss about student's progress and performance at the college. The goal was to build a healthy relationship with the students and parents. The parents were intimated about the meeting well in advance through network administrator and mentors.

Outcomes of the Mother Parents Meet

Around 91 parents participated in the Mother Parents Meet 2018-19. Parents became aware about the rules and regulations of the college, teaching learning methodologies and various activities going on for overall student welfare. There was one to one session between parents and student mentors for analyzing students'

performance and steps necessary for the improvement of their wards' skills. Parents expressed their gratitude and enthusiasm for this interactive session with the faculties so that they can know better about their wards performance at the institute.

Parent teacher meetings are crucial opportunities for the college and home to review how students are getting on at the college. The meeting started with the welcome address by Mr. K.S. Patil Vice Principal, followed by address by the Principal Dr. R.R. Kumbhar. The Principal briefed the gathering on the general information about the college, activities carried out at the achievements of the students with a presentation. Finally Mr. J. A. Yadav expressed vote of thanks this event.

Feedback from Mother Parents

I am very thankful to the institute for inviting me to Mother Parents Meet at P.D.V.P.College, Tasgan. All the faculties and HOD were very concerned and cooperative for improving results of my child. Through discussions, I come to know more about the strength and weakness of my child and how parents and faculties can work together for betterment of the child. –

Sunita Vijaykumar Patil,

Mother Parents Meet 2018-19

Kumathe

It was a great pleasure for me to be a part of Mother Parents Meet at P.D.V.P.College, Tasgan. Overall staff of the department was very helpful and cooperative to improve the results of students. One suggestion is that take extra classes for Industrial knowledge and how to keep positive approach towards work. Keep arranging such kind of meeting for the growth of students throughout semester.

Kavita Sambhaji Patil,**Dhavali**

The system of Mother Parents Meet is very good. During that I become more aware about teaching learning system of the college. All the faculty mentors were cooperative and gave very useful guidance to us for my ward. Thank you and expecting for this type of meetings in the future. –

2019 has been designated by UNESCO as the International Year of the Periodic Table (IYPT), marking the 150th anniversary of the Mendeleev periodic table, which is an iconic image and a vital tool to all who learn and work in science, at all stages of their learning and careers. IYPT allows to celebrate our profession, our members and our communities. We want

to work with our communities to engage people with both the periodic table and chemistry.

Our management had decided to celebrate the “Vivekananda Saptah” from 12th January to 19th January every year in devotee the name of great monk. The reason of that are to inculcate the spiritual thoughts of Swami Vivekananda among the students.

Chemistry department have planned lots of exciting and diverse activities like Elemental Exhibition, Magic Chemistry, Experimental/Instrumental Demonstrations and Bibliography of Scientists for celebrating the IYPT in Vivekananda Saptah as a CHEMISTRY CARNIVAL on date 27-December 2020 from 10:00 am to 05:00 pm at college campus. IYPT is an opportunity for us to develop new resources and raise awareness, to inspire people of all ages, experience and backgrounds.

REPORT

The online remedial coaching class conducted by the Commerce Department from 8th August 2021 to 13th August 2021 was successfully completed. Out of 91 students who participated in this, 66 students appeared for the practice exam. This class provided the students with in-depth information in the field of Financial Accounting. This will definitely benefit them for the university exams. Hon. Principal, Dr. Milind Hujare's guidance helped to complete this remedial coaching class. Mr. Gorknath Patil guided the students for this course.

Research is an outcome basically of the innovative minds in the modern era with the support of well-equipped laboratories and such other infrastructure. If the same is made available by the educational institution at right ages, It will not only stimulate the activities

but will help to identify the student to be groomed further as acclaimed researchers in their respective field.

On this basis, every year our college was organizing the “Vasant Avishkar” research computation to initiate the scientific attitude in students and provide the space to student to express their research ideas.

In this year “Vasant Avishkar” research poster computation was organized on 19th and 20th December 2018 in college campus. For the inaugural function we invite as a chief guest to Dr. S. T. Salunkhe Sir, Principal, A.S.C. College, Ramanand Nagar. During his speech in said that, right opportunity when made available at the ground level leads to forming such a young research group which can be molded in desire direction by motivating them by their teachers.
