This day is observed every year on 15th October as it is the birth anniversary of our late Dr. A.P.J. Abdul Kalam who strongly advocated 'reading' more as a necessity rather than just a mere hobby. Books not only inspire us, but they also provide knowledge. Even though technology has brought in many changes to the way we read, it has only enhanced our ability to get connected to different sources of knowledge through reading. Reading has several merits. It keeps us connected with the outside world. It enriches and expands our vocabulary and develops the skill of concentration. Reading provides us with pure enjoyment and sheer pleasure. It is to be noted that reading exposes our minds to different cultures and languages of the world. It helps us to digest the best that different regions of the world. As our minds are exposed to such a wealth of ideas through reading, it helps us to communicate with a depth of thought and a wide mixture of emotional colors as well.

We become co-creators of stories as we animate the stories we read in our minds. It is definitely a healthy exercise for the mind. Therefore, strongly urge each one of you to cultivate the habit of reading so as to derive maximum benefit from it.

On the occasion of former president Dr APJ Abdul Kalam's birth anniversary, October 15, the state government has to observe 'Vachan Prerna Divas' (Inspire to Read Day). Claiming that technology and gadgets have almost taken over the habit of reading, the government has urged educational institutions to develop ideas and programmes to, once again, cultivate the habit of reading among youngsters. Educational institutions have also been asked to organize various activities on the importance of books and conduct essay writing competitions on the eve of the birth anniversary.
