Mr. Ajit Pachore,

Associate Professor and Head Dept.of English,

Padmabhushan Dr.Vasatraodada Patil Mahavidyalaya, Tasgaon.

As always how our Department of Geography was arranging the seminars/ *webinars* on current issues related to Geography to spread awareness and give valuable knowledge to us as well as society. Yesterday's webinar arranged about “ *Role of Human Resource in Development* ” on the occasion of *World's Population Day* 2021.

So being the 2nd most populated country, it is our need to know how we can utilize our human resource for development of mankind as well as nature. And this was explained in very simple & understandable words by *Dr. Sanjay Gaikwad sir*

As said by Dr. Gaikwad sir, in last few decades world's population was increased drastically which is impacting directly on nature and natural resources, we should give importance to sustainable development by utilizing human resource in well planned manner.

Lastly I would like to *thanks to all* the members of organization committee on behalf of my colleagues. And special thanks to Dr. Sanjay Gaikwad sir for giving their valuable time to interact with all of us.

Thanks,

Pranil B. Chavan
