BLOOD DONATION CAMP

21st Septeber 2016

2016-17

Activity	Blood Donation Camp
Date	21/9/2016
Students Participants	218, M:125, F: 93
Venue	P.D.V.P.College Compus,Tasgaon, Dist. Sangli
Organizer	National Service Scheme

**Chief Guest: Hon'ble Sanjay Naik (Senior Engineer)
President, Rotary Club, Tasgaon**

Blood donation is the act of voluntarily removing blood from an organ. Such blood is broken down by a biopharmaceutical process before being transfused into the patient's body and whole blood or the same essential component of blood is injected into the patient's body. Blood banks are involved in the blood collection process. Most of the blood donors (volunteers) donate blood voluntarily and free of cost. In some countries, blood supply is limited because donors donate blood only for relatives or friends. Many blood donors donate blood. But in countries where blood is allowed to be sold, blood donors get paid. Blood donation is given free time from work in some places. In case of extra bleeding due to accident, plasmodia, anemia, leukemia, postpartum hemorrhage, surgery and other serious illnesses, if the patient does not receive blood on time, he is likely to be cheated. In such a case, the blood of one human being can save the life of another human being. Because human blood is not produced in any factory and the blood of any other animal cannot be used for human consumption, blood donation is of

paramount importance. In the state of Maharashtra, about seven and a half lakh bottles of blood are required for patients every year. About 70 to 75% of this requirement is met by an alternative blood donor or a professional blood donor.

Therefore, the National Service Planning Department of the College and Rotary Club Tasgaon jointly organized a Blood Donation Camp on Wednesday 21/9/2017 from 9:30 am to 3:30 pm. The camp was inaugurated by the President of Rotary Club, Tasgaon, Senior Engineer Hon. Sanjay Naik did. Speaking on the occasion, Mr. Naik said, the human body contains four and a half to five liters of blood. Only 300 ml at the time of blood is drawn. Blood levels return to normal in about 36 hours after each blood donation. Blood cells also regenerate in about 2 to 3 weeks. Blood donation does not cause any discomfort or injury. Blood can be kept safe in the refrigerator of the blood bank for 4-5 weeks.

Blood donation saves many lives every year. Blood donation in many major surgeries or in critical cases helps save the life of the patient. Also, blood donation plays an important role in saving the life of the baby and the mother during pregnancy.

The introductory speech was made by Prof. Dr. Tatoba Badame, Program Officer. Speaking on the occasion, Dr. R. R. Kumbhar, Principal of the College, welcomed all the members of Rotary club and expressed the intention to implement such activities in the future, jointly with the Department of National Service Planning and Rotary Club Tasgaon.

The coordination of this initiative was done under the guidance of Dr. R.R. Kumbhar, Principal of the College. Shri. A. R. Patil, Shri. Mukesh Mahale, Shri. Arvind Pawar, Shri. Sainath Ghogre, Dr. Swati Jadhav, Dr. S.S. Kale, Volunteer Vardhman Bothra has given the vote of thanks.
