on

“DEMOGRAPHIC DIVIDEND AND COVID-19”

17th Saturday, July, 2021

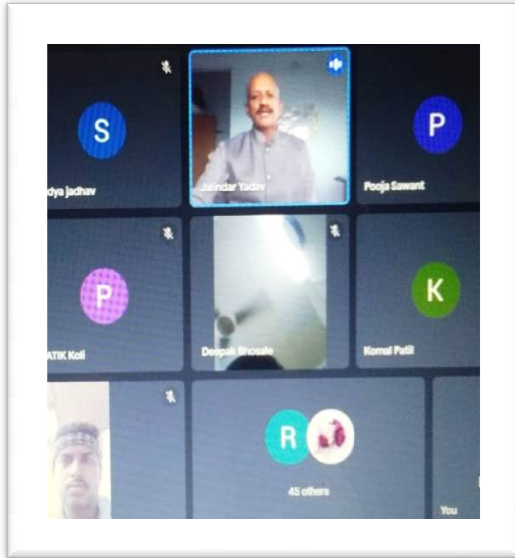

REPORT

The Department of Economics, Internal Quality Assurance Cell (IQAC) and Shivaji University Economics Association, Kolhapur (SUEAK) jointly organized Special Guest Lecture on Saturday, 17th Saturday, July 2021, on ‘**Demographic Dividend and COVID-19**’ Delegates and participants webinar from various colleges and University of India. The students of UG and PG were participated in the webinar.

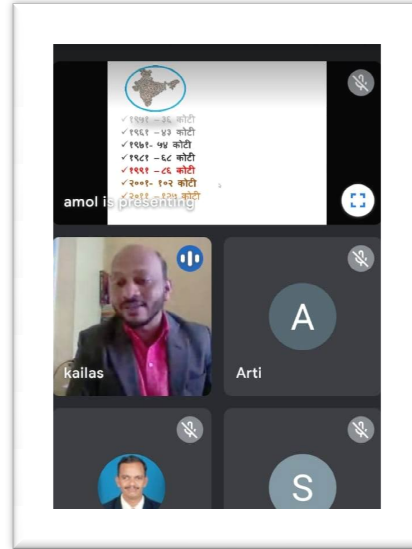

India’s fabled young demographics were meant to put the country on the path to power and prosperity in the decades ahead. But some shocking new data shows that COVID-19 has thrown a huge wrench in the works.

Participation

Sr.No	Gender	Faculty	Student	Total
1	Male	09	41	50
2	Female	06	68	74

Introducing Special Lecture, Prof. J. A. Yadav

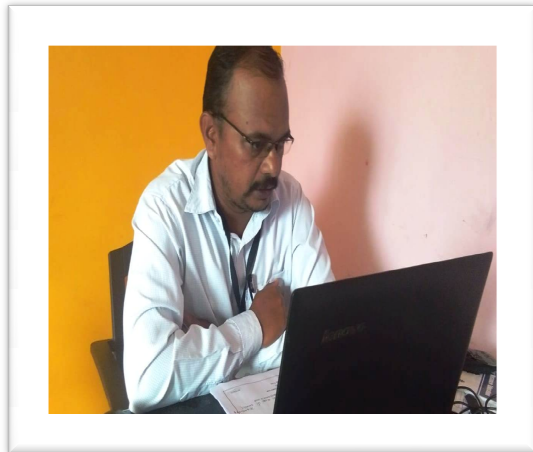

Resource person Dr. K.S. Patil

Mr. J. A. Yadav (Vice Principal (Arts &Commerce) Head, Department of Economics, P.D.V.P.College, Tasgaon) welcomed and introduced the Chief Guest. He also explained important of World Population Day. Introduction of Chief Guest was performed by Dr. B.J Kadam.(Assistant Professor. Department of Economics)

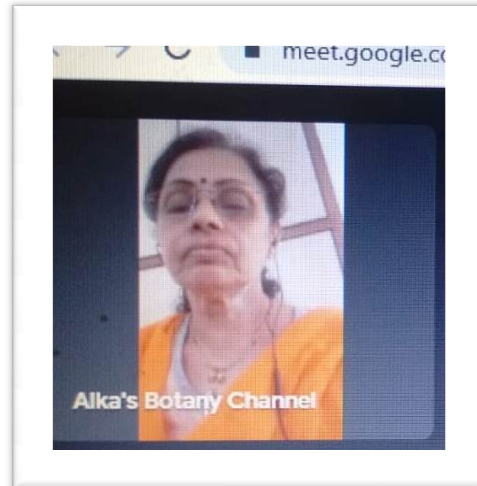

Hon. Dr. K.S. Patil(HOD, Department of Economics, Vivekanand College, Kolhapur expressed about various of challenges covid 19. Dr.Patil shared According to the [latest report](#) on the State of India’s Environment, released by the Centre for Science and Environment, India is all set to usher in a “pandemic generation” that is likely to suffer far beyond the pandemic itself. A whopping 375 million children may suffer long-lasting impacts due to the pandemic, the report said, including being underweight, suffering stunted growth, and coping losses in education and economic productivity. And while over 500 million children were forced out of school worldwide due to COVID-19, the report said that India accounted for more than half of that number.

He also explains a large part of these losses has been caused by the gaps in India’s social safety system and the vast inequality in access to infrastructure across the country. Take education. Over the past several years, India had managed to rapidly increase school enrollment rates owing to a slew of measures. Initiatives such as the midday meal scheme – which provided lunch to children in schools – created incentives for low-income parents to send their children to school rather than to work.

But with the emergence of COVID-19, many of these initiatives broke down, thereby undoing years of progress. As migrant workers began trudging back to their villages during the nationwide lockdown last year, their children too found their schooling discontinued – both due to the need to relocate as well as the need to work and compensate for their family’s lost income.

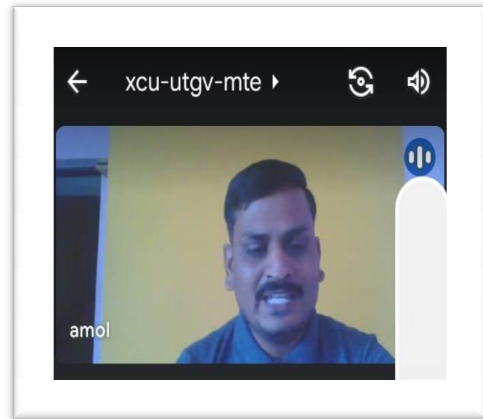

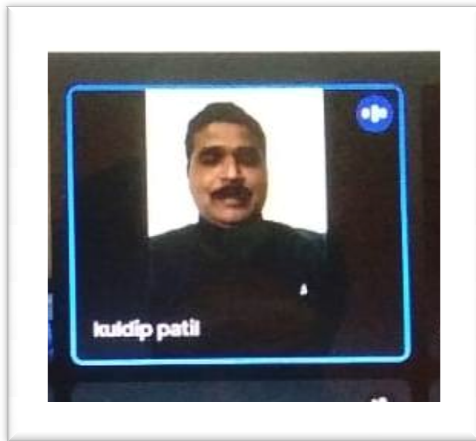

Introduction of Chief Guest by Dr. Bandu J. Kadam

President Speech by Dr. Alka P. Inamdar

The president of this program was Dr. Alka P. Patil Inamdar (NACC Coordinator) told in his presidential speech the effect and defect on service sector of COVID-19 . Inequalities have also been exacerbated on parameters of health. The shutting down of physical classes also meant that the midday meal scheme had to be discontinued – thereby depriving millions of children from low-income households of basic nutrition. Meanwhile, many children who were previously housed in residential schools now had to suddenly relocate with their families to unhealthier surroundings, owing to economic need.

Anchoring of this program by Dr.K.N. Patil

Dr. Amol Sonawale expressed vote of thanks

Finally, **Dr. A.G. Sonawale** (HOD, Faculty of Commerce) expressed vote of thanks.The program was moderated by Dr. KN Patil(Assistant Professor, Department of Economics)

Thank You

Subject: Letter of Appreciation...

Dear Sir,

We are glad to express our thanks for delivering an informative and thought provoking lecture on "Demographic Dividend and COVID-19" scheduled to be held in Special Lecture for World Population Day, Saturday 17th July 2021 in our college. Thank you very much for sharing your valuable time and experience with us. It was really a splendid presentation which exposed to job. All the students appreciated and got benefited from your views on the subject.

Thanking you,
