Every year Shivaji University, Kolhapur announces schedule for entrance exams of various Post Graduate courses. Due to COVID-19 pandemic, University has decided to conduct the entrance exams through online mode from the academic year 2019-20.

Most of the students pursuing their under graduate degrees are interested in post graduate courses as they offer more advanced opportunities in various fields. On the other hand, students are unaware of guidelines prescribed by the University.

Therefore members of the department decided to guide the B. Sc. III students in order to train and make them ready to battle on the grounds of entrance exams.

Many students don't even know how to fill application form. What is the format of exam, which is last date for apply etc. Hence in this workshop we focused on addressing these simple but important guidelines. Moreover we also involved students from M. Sc. I and M. Sc. II to guide their juniors.

Resource Person: **Dr. Ajit Ekal**

Under this activity M. Sc. I and M. Sc. II students shared their experience of the preparation for exam, how to follow the guidelines, how to ready the documents for verification. We involved PG students from various caste categories in order to guide the B. Sc III students from caste documents and verification point of view. PG students beautifully guided the UG students on every aspect of the PG admission process.

The main theme of the activity was to involve students of UG and PG in a conversation where they can share their experience and guide the juniors regarding the entrance exam. Students from RR College, Jat and Raje Ramrao College, Savlaj were also involved.

The workshop went for almost 2 hrs. We believe that this activity will be highly useful for B. Sc. III students. It was also decided to conduct another workshop on Admission Process of Shivaji University, Kolhapur somewhere around first week of August.
