INTRODUCTION:

1. Jewellery Prepared from Plant Material:

For the development of aesthetic sense among the students and to give a dais for their power of creativity the Department of Botany has arranged an “Exhibition on Jewellery Prepared from Plant Material, Salad arrangement and Medicinal Plants” on 28/01/2020. For the preparation of exhibition the students of B.Sc.III class have first collected the necessary materials required for making the jewellery by using plant material. They have collected different types of seeds with different colours and shapes. They have prepared the hard white backgrounds to stick the seeds. They stick the seeds on these boards by using glues. They selected different patterns of the jewelries for the preparation. They selected about 35 different patterns of the jewelries. Day by day they have prepared all the ornaments to be displayed at the time of exhibition. More than 250 students of the college have visited the exhibition.
