Purpose of the Event:

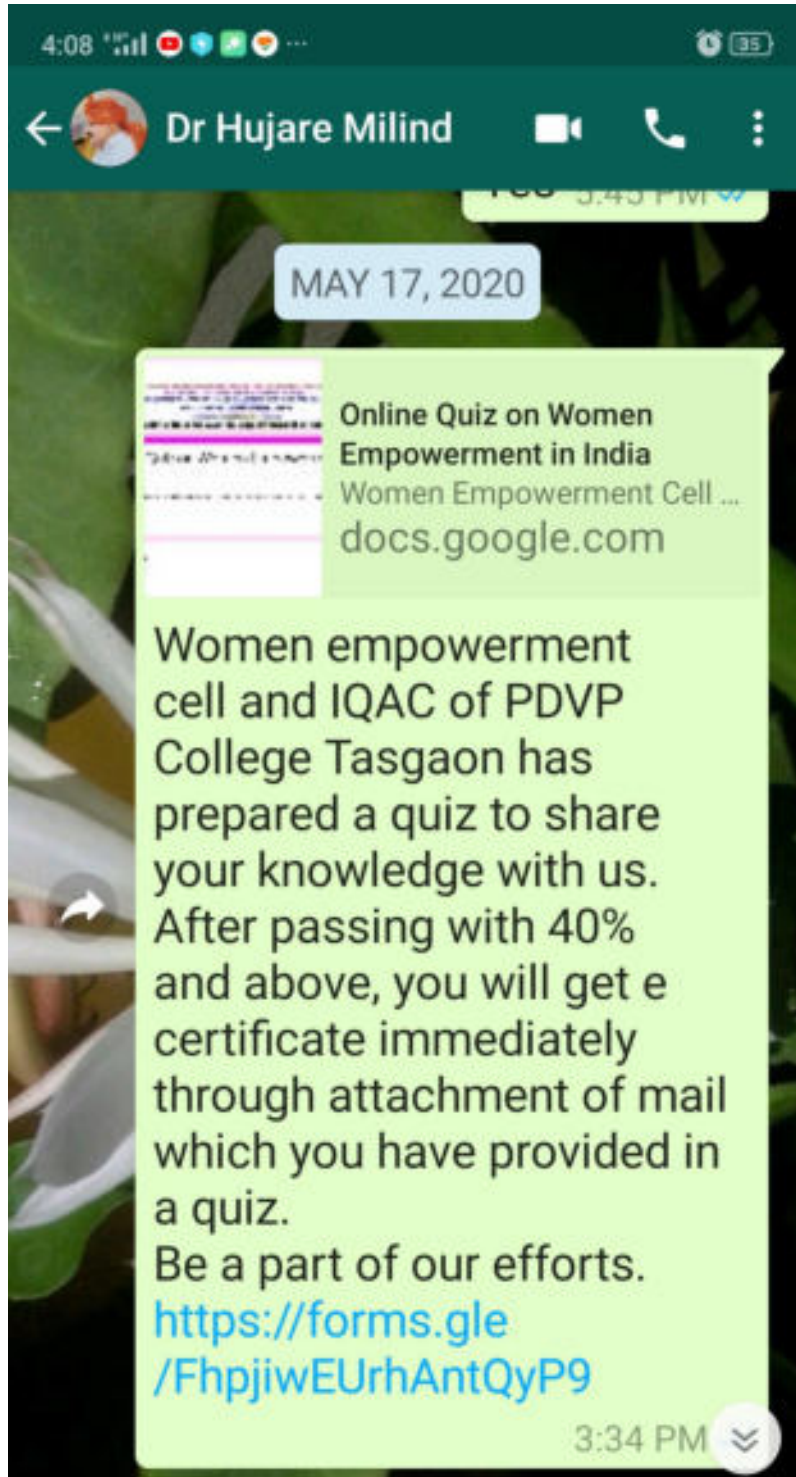

The principal objective of event was to know changing role in 21st century. The journey of liberation of women has crossed many milestones and the society has indeed come a long way. They have struggled hard over the last few decades but still been able to successfully establish their own identity.

Women are the epitome of strength, love, sacrifice and courage. The role of women in today's world has changed significantly and for better. Women are now self-sufficient, well aware and financially independent. They have attained immense success in every field, whether it is sports, politics or academics. With the encouragement of co-education, women are now marching side by side with men, in every walk of life.

The 21st century has brought a new hope and has empowered women in a positive manner. Earlier they were under the shadow of a husband or a father, but now they have established their own identity and are independent.

Education is an important key to success. Empowering women would become more pertinent if women were well informed and educated. A woman needs to understand her rights so that she can walk at par with men. Mother Teresa, Pratibha Patil, Kalpana Chawla and a lot more have been very significant in their own sphere and are an idol for every woman in India and across the globe.
