A Poster Presentation on the theme “Women Scientists” was organized on 18th December 2019 for B.Sc. III Year Students. The purpose: of organizing of poster presentation is to know the information about women scientists in the world and their contribution in science. The objective of event was to enhance students knowledge with their creative streak and express their ideas using the colors of imagination.

Inauguration of this event is by Prin.Dr.Milind S.Hujare

Felicitation of Prin.Dr.Milind S.Hujare

Introduction of Chief Guest by
Dr. J. S. Ghodake

Presidential address by
Prin. Milind S. Hujare

Women are an important section of the workforce, more particularly in the science and technology (S and T) domain. However, a large number of well-qualified women get left out of the S and T activities due to various circumstances which are usually typical to the gender. The challenges faced by them are several but most often the "break in career" arises out of motherhood and family responsibilities. To address such issues, Department of Physics took poster presentation event on "Women Scientists".

In event there are 15 posters which include information about women scientists in world and the presentation was given by B. Sc III students in front of all guests.
